

CRETEXTM

THE RELEASE AGENT

A concrete release agent designed for the perfect anti-stick solution to architectural concrete, forms and custom mold works

- Suitable for all types of concrete compaction
- Strong adhesion to vertical and horizontal surfaces
- No damage to paint and rubber seals
- No chemical specific work gear required

- Does not evaporate at high temperatures nor freezes at low temperatures
- Only requires thin layer of application
- Easy to use
- Suitable for high curing temperatures

ECO-FRIENDLY

ECONOMICAL

EFFECTIVE

CRETE^XTM

THE RELEASE AGENT

Designed to suit various forms & molds on any concrete grades and compaction methods

Rubber Mold

Steel Mold

MDF Mold

Timber & Plywood Mold

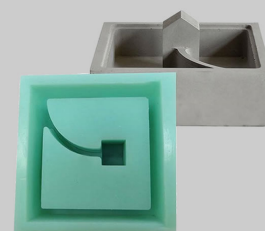

Precast Mold

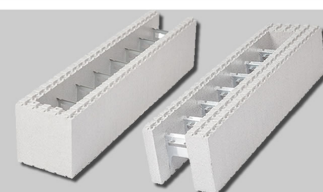

Plastic Mold

Aluminium Mold

Fibre Glass Mold

Polystyrene Mold

CreteXTM works by creating a critical barrier between the molding surface and the concrete mix thereby facilitating separation from the mold. This prevents the need for post production clean-up, reduces dramatic loss in production efficiency and improves the quality and consistency of the finished product.

RELEASE AGENT

FORM OIL

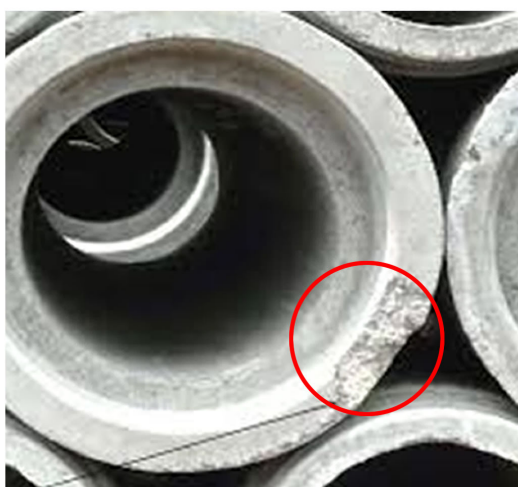

CURING AGENT

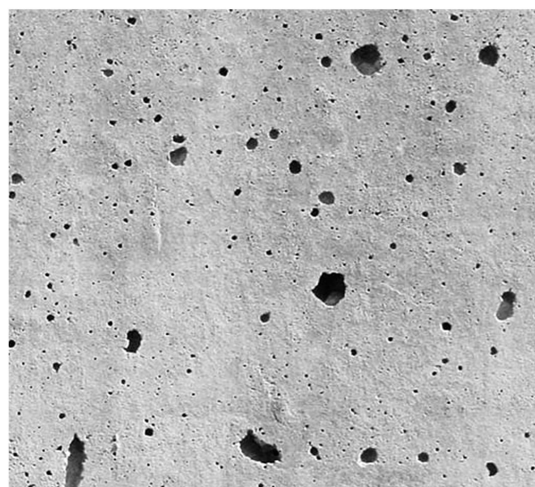

After extensive research and development, CreteXTM is able to solve the age old problem of pinholes, corrosion, dust, sticking, discolouration and air voids problems. It specifically addresses issues that concrete producers face during and after the production

NO dust on the mold

NO Edge Burning

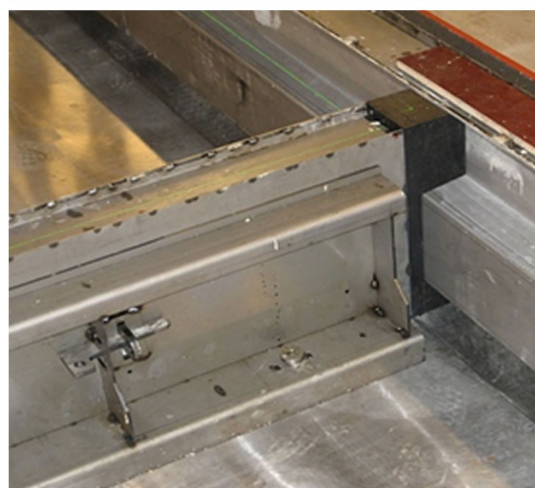

NO Air Voids

NO Discoloration

NO Rust & Corrosion

Lubricate Shuttering Magnets

Precast plant

Precast elements are subject to high quality standards. Customers expect precast products to have a flawless surface. CreteXTM ensures an impeccable appearance and spotless surfaces.

**Non-Corrosive
Odourless**

**Non flammable
No Skin Irritation**

**Bio-Green
No Safety concerns**

Customer service

- Excellent quality and superior customer service
- Visit to your production site to deliver a tailored solution for your specific requirements and conditions
- Provide suitable spraying equipment
- CreteXTM, a single product imparts excellent results under all conditions
